

Green Sages Expression of Interest

Who is a Green Sage?

A Green Sage is a senior Victorian who:

- is or would like to be involved in a community group or action which is working towards decreasing the impact of climate change, and / or
- will play a leadership role by talking about the impact of climate change on older people, and /or
- is prepared to share climate change information with other seniors.

What can I do?

- I am interested in finding out more about becoming a Green Sage.
- I would be interested in taking part in regular forums on the project.

I am interested in the following areas:

- | | | |
|---|--|--|
| <input type="radio"/> community gardens | <input type="radio"/> biodiversity | <input type="radio"/> retrofitting houses |
| <input type="radio"/> impacts of extreme weather events | <input type="radio"/> renewable energy | <input type="radio"/> water availability |
| <input type="radio"/> health impacts of climate change | <input type="radio"/> food security | <input type="radio"/> sustainable housing design |
| <input type="radio"/> sustainable farming practices | <input type="radio"/> green technology | <input type="radio"/> sea level rise |
| <input type="radio"/> other | | |
-

I am interested in working in the following ways:

- | | | |
|--------------------------------|--|----------------------------------|
| <input type="radio"/> advocacy | <input type="radio"/> information gatherer | <input type="radio"/> activist |
| <input type="radio"/> lobbyist | <input type="radio"/> community education | <input type="radio"/> other..... |

Currently I am involved in the following environmental / climate change actions or groups:

.....
